

WEST VIRGINIA
COALITION TO END
HOMELESSNESS

P.O. Box 4697 • Bridgeport, WV 26330

January 23, 2026

The West Virginia (WV) Balance of State (BoS) Continuum of Care (CoC) Steering Committee reviewed the FY 2024/25 Consolidated Application on October 22, 2024, and approved the submission of the full Consolidated Application, the Priority Listing, and all required attachments at that time.

On January 22, 2026, the WV BoS CoC Steering Committee approved the decision to maintain the project rankings established in the FY 2024 Priority Listing and to renew all FY 2024 projects on a non-competitive basis for FY 2025. No projects were reallocated or replaced during the FY 2025 funding cycle.

Consistent with CoC program requirements and local performance review practices, the CoC intends to invite both FY 2025 renewal applicants and new project applicants to participate in the FY 2026 competition. The CoC also anticipates reallocating funding from projects that demonstrate low performance during that competition cycle.

Respectfully submitted,

Lauren Frederick
CoC Steering Committee Chair

Elliott Birckhead
CoC Rating and Ranking Subcommittee Chair
